In the event this RFB is obtained through any means other than via email from the City's representative, City website, or from the City's physical offices, the City will not be responsible for the completeness, accuracy or timeliness of the bid documents. It is the bidding organization's ("Bidder") responsibility to ensure that the most complete and current version of the bid documents has been downloaded or otherwise obtained, including any addenda. Bids received without acknowledgment of applicable addenda may be rejected.

The City does not assume any liability or responsibility based on any defective or incomplete copying, excerpting, scanning, faxing, downloading or printing of the Bid Documents. It is your responsibility to keep the City informed of any contact information updates for your company.

Pursuant to Section 1770 et seq. of the California Labor Code, the Contractor and all subcontractors shall pay not less than the prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations.

Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work. If awarded a Contract, the Contractor and its subcontractors, of any tier, shall maintain active registration with the Department of Industrial Relations for the duration of the Project. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. In bidding on this project, it shall be the Bidder's sole responsibility to evaluate and include the cost of complying with all labor compliance requirements under this contract and applicable law in its bid.

Any Addenda issued before the time in which to submit Bids expires shall form a part of the Contract Documents and shall be included in the Bid. Bidders shall acknowledge and confirm receipt of any and all Addenda in their Bid proposal.

Each bidder must submit with its bid security in one of the following forms: cash, cashier's check payable to the City, a certified check payable to the City, or a bid bond, in the form included with the bid documents, executed by an admitted surety insurer, made payable to the City. The guaranty shall be forfeited should the bidder, if awarded the contract, fails to enter into the same, or fails to furnish in a timely manner the bonds and/or proof of insurance required under the Contract Documents.

Pursuant to Public Contract Code Section 22300, for monies earned by the Contractor and withheld by the City of Santee to ensure the performance of the Contract, the Contractor may, at its option, choose to substitute securities meeting the requirements of Public Contract Code Section 22300.

The California Air Resources Board ("CARB") implemented amendments to the In-Use Off-Road Diesel-Fueled Fleets Regulations ("Regulation") which are effective on January 1, 2024 and apply broadly to all self-propelled off road diesel vehicles 25 horsepower or greater and other forms of equipment used in California. A copy of the Regulation is available at <https://ww2.arb.ca.gov/sites/default/files/barcu/regact/2022/off-roaddiesel/appa-1.pdf>. Bidders are required to comply with all CARB and Regulation requirements, including, without limitation, all applicable sections of the Regulation, as codified in Title 13 of the California Code of Regulations section 2449 et seq. throughout the term of the Project. Bidders must provide, with their Bid, copies of Bidder's and all listed subcontractors' most recent, valid Certificate of Reported Compliance ("CRC") issued by CARB. Failure to provide valid CRCs as required herein may render the Bid non-responsive.

Bidders must possess the following licenses, permits and/or certifications:

- ✓ City of Santee Business License (at time of award)

The successful bidder will be required to obtain a City of Santee Business License upon award of Bid and shall pay all costs necessary to obtain this license and maintain it in full force and effect during the term of this Contract. All subcontractors shall have and maintain, during the term of the contract, the same valid license if applicable to the Work provided.

Failure to possess the above specified licenses and permits at the time of bid opening shall render the bid as non-responsive and shall act as a bar to award the contract to any bidder not possessing said licenses and permits as required. All subcontractors shall have and maintain, during the term of the contract, the same valid licenses and permits if applicable to the Work provided.

The City reserves the right to reject any or all bids; to make any awards or any rejections in what it alone considers to be in the best interest of the City and waive any informalities or irregularities in the bids. The contract will be awarded, if at all, to the responsible bidder that submits the lowest responsive base bid. Alternates will not be considered in determining the low bid unless otherwise expressly stated. The City reserves the right to award to more than one contractor if the awarded contractor is unable to fulfill the complete terms of the award.

The successful bidder shall not discriminate against employees and applicants for employment on the basis of race, religion, creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, and shall comply with the Americans with Disabilities Act.

There will be NO Pre-Bid Meeting.

No person is authorized to make any oral interpretation of any provision in the Bid or Contract Documents to any bidder, and no bidder should rely on any such oral interpretation.

6. ALTERNATE BID ITEMS

If alternate bid items are called for in the Contract Documents, the lowest bid will be determined on the basis of the base bid alone unless otherwise provided in the Notice Inviting Bids.

City may elect to include one or more of the alternate bid items, or to otherwise remove certain work from the Project Scope of Work. Accordingly, each Bidder must ensure that each bid item contains a proportionate share of profit, overhead and other costs or expenses which will be incurred by the Bidder.

Bidders shall neither delete, modify, nor supplement the printed matter on the Bid Forms nor make substitutions thereon. Deviations in the bid form may result in the bid being deemed non-responsive. All documents and pages contained in the Bid Documents must be completed or else a bid may be deemed non-responsive.

8. MODIFICATIONS OF BIDS

Each Bidder shall submit its Bid in strict conformity with the requirements of the Bid and Contract Documents. Unauthorized additions, modifications, revisions, conditions, limitations, exclusions, or provisions attached to a Bid may render it non-responsive and may cause its rejection. Bidders shall neither delete, modify, nor supplement the printed matter on the Bid Forms, nor make substitutions thereon. Oral, telephonic, and electronic modifications will not be considered.

9. SIGNING OF BIDS

All Bids submitted shall be executed by the Bidder or its authorized representative. Bidders may be asked to provide evidence in the form of an authenticated resolution of its Board of Directors or a Power of Attorney evidencing the capacity of the person signing the Bid to bind the Bidder to each Bid and to any Contract arising therefrom.

If a Bidder is a joint venture or partnership, it may be asked to submit an authenticated Power of Attorney executed by each joint venturer or partner appointing and designating one of the joint venturers or partners as a management sponsor to execute the Bid on behalf of Bidder. Only that joint venturer or partner shall execute the Bid. The Power of Attorney shall also: (1) authorize that particular joint venturer or partner to act for and bind Bidder in all matters relating to the Bid; and (2) provide that each venturer or partner shall be jointly and severally liable for any and all of the duties and obligations of Bidder assumed under the Bid and under any contract arising therefrom. The Bid shall be executed by the designated joint venturer or partner on behalf of the joint venture or partnership in its legal name.

10. BID GUARANTEE

Each bid shall be accompanied by: (a) cash; (b) a certified check made payable to City; (c) a cashier's check made payable to City; or (d) a notarized bid bond payable to City executed by the bidder as principal and surety as obligor in an amount not less than 10% of the bid amount. The surety insurer shall be California admitted surety insurer, as defined in Code of Civil Procedure Section 995.120. Personal sureties and unregistered surety companies are unacceptable. The cash, check or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to the bidder, and shall provide any required payment and performance bonds and insurance certificates and endorsements within ten (10) calendar days after notification of the award of the contract. Failure to provide the required documents may result in forfeiture of the bidder's bid security to City and City may award the contract to the next lowest responsible bidder or may call for new bids.

11. SUBMISSION OF BIDS

Bid documents shall be submitted in a sealed envelope bearing on the outside the name of bidder, bidder's address, the bid number, bid due date, and bid title. If submitted by mail, the sealed envelope containing the bid must be enclosed in another envelope addressed to the City Clerk, City of Santee, 10601 Magnolia Avenue, Santee, CA 92071. Postmark date will not constitute timely delivery.

Bids received after the Bid Due Date will not be considered.

12. DELIVERY AND OPENING OF BIDS

Bids must be received by City at the address shown in the Notice Inviting Bids up to the date and time shown therein. City will not accept any Bid received after the specified date and time, and the Bid will be returned to the Bidder. It is the Bidder's sole responsibility to ensure that its Bid is received as specified.

Bids will be reviewed at the date and time stated in the Notice Inviting Bids, or such other time as City may designate, and the amount of each Bid will be recorded. City may in its sole discretion, elect to postpone the review of the submitted Bids. City reserves the right to reject any or all Bids and to waive any informality or irregularity in any Bid. In the event of a discrepancy between the written amount of the Bid Price and the numerical amount of the Bid Price, the written amount shall govern.

13. WITHDRAWAL OF BID

Prior to bid opening, a Bid may be withdrawn by the Bidder only by means of a written request

signed by the Bidder or its properly authorized representative and emailed to hheckman@cityofsanteeca.gov.

14. BASIS OF AWARD; BALANCED BIDS

The quantities given in the bid and contract forms are approximate only, being given as a basis for the comparison of bids, and the City does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any portion of the Work, or to omit portions of the Work, as may be deemed necessary or advisable by the Director of Community Services.

City shall award the contract to the lowest responsible Bidder submitting a responsive Bid. City may reject any Bid that in its opinion when compared to other bids received or to City's internal estimates, does not accurately reflect the cost to perform the Work. City may reject as non-responsive any bid which unevenly weights or allocates costs, including but not limited to overhead and profit, to one or more particular bid items.

15. DISQUALIFICATION OF BIDDERS; INTEREST IN MORE THAN ONE BID

No bidder shall be allowed to make, submit, or be interested in more than one bid. However, a person, firm, corporation, or other entity that has submitted a sub-bid to a bidder, or that has quoted prices of materials to a bidder, is not thereby disqualified from submitting a sub-bid or quoting prices to other bidders submitting a bid to City.

16. INSURANCE REQUIREMENTS

The successful bidder shall procure the insurance in the form and in the amount specified in the Contract Documents.

17. AWARD PROCESS

Once all Bids are opened and reviewed to determine the lowest responsive and responsible Bidder, subject to City Council approval, the Department Director and/or City Manager may award the Contract. The apparent successful Bidder should begin to prepare the following documents: (1) the Performance Bond; (2) the Payment Bond; and (3) the required insurance certificates and endorsements. Once the City notifies the Bidder of the award, the Bidder will have ten (10) working days from the date of this notification to execute the Contract and supply the City with all of the required documents and certifications. Regardless of whether the Bidder supplies the required documents and certifications in a timely manner, the Contract time will begin to run twenty (20) working days from the date of the notification. Once the City receives all of the properly drafted and executed documents and certifications from the Bidder, the City shall issue a Notice to Proceed to that Bidder.

18. WORKERS COMPENSATION

Each bidder shall submit the Contractor's Certificate Regarding Workers' Compensation form.

19. PREVAILING WAGES

Pursuant to Labor Code Section 1773, the City has obtained from the Director of the Department of Industrial Relations the general prevailing rate of per diem wages and the general prevailing

rate for holiday and overtime work in the locality in which this work is to be performed for each craft or type of worker needed to execute the Contract. These per diem rates, including holiday and overtime work, as well as employer's payments for health and welfare, pension, vacation, and similar purposes are on file and available at the City of Santee Community Services Department, 10601 Magnolia Avenue, Building 6, Santee, CA 92071, or may be obtained online at <http://www.dir.ca.gov/dlsr>. Bidders are advised that a copy of these rates must be posted at the job site(s).

20. CONTRACTOR AND SUBCONTRACTOR REGISTRATION

Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted, nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work. If awarded a Contract, the Bidder, and its subcontractors, of any tier, shall maintain active registration with the Department of Industrial Relations for the duration of the Project. To this end, Bidder shall sign and submit with its Bid the Public Works Contractor Registration Certification on the form provided, attesting to the facts contained therein. Failure to submit this form may render the Bid non-responsive. In addition, each Bidder shall provide the registration number for each listed subcontractor in the space provided in the Proposed Subcontractors form.

21. DEBARMENT OF CONTRACTORS AND SUBCONTRACTORS

In accordance with the provisions of the Labor Code, contractors or subcontractors may not perform work on a public works project with a subcontractor who is ineligible to perform work on a public project pursuant to Section 1777.1 or Section 1777.7 of the Labor Code. Any contract on a public works project entered into between a contractor and a debarred subcontractor is void as a matter of law. A debarred subcontractor may not receive any public money for performing work as a subcontractor on a public works contract. Any public money that is paid to a debarred subcontractor by the Contractor for the Project shall be returned to City. The Contractor shall be responsible for the payment of wages to workers of a debarred subcontractor who has been allowed to work on the Project.

22. PERFORMANCE BOND AND PAYMENT BOND REQUIREMENTS

Within the time specified in the Contract Documents, the Bidder to whom a Contract is awarded shall deliver to City four identical counterparts of the Performance Bond and Payment Bond in the form supplied by City and included in the Contract Documents. Failure to do so may, in the sole discretion of City, result in the forfeiture of the Bid Guarantee. The surety supplying the bond must be an admitted surety insurer, as defined in Code of Civil Procedure Section 995.120, authorized to do business as such in the State of California and satisfactory to City. The Performance Bond and the Payment Bond shall each be for one hundred percent (100%) of the Contract Price.

23. CARB COMPLIANCE

The City is a Public Works Awarding Body, as defined under Title 13 California Code of Regulations section 2449(c)(46). Accordingly, Bidders must submit, with their Bid, a valid Certificate of Reported Compliance ("CRC") for the Bidder's and its listed subcontractors' fleet (including any applicable leased equipment or vehicles). Bidders must complete and submit the Fleet Compliance Certification, included in this Request for Bids and submit it with their bid.

Failure to provide a CRC for the Bidder, and for all listed subcontractors, or failure to complete the Fleet Compliance Certification, may render the Bid non-responsive.

24. SALES AND OTHER APPLICABLE TAXES, PERMITS, LICENSES AND FEES

Contractor and its subcontractors performing work under the contract will be required to pay California sales tax and other applicable taxes, and to pay for permits, licenses and fees required by the agencies with authority in the jurisdiction in which the work will be located, unless otherwise expressly provided by the Contract Documents.

25. EXECUTION OF CONTRACT

As required herein the Bidder to whom an award is made shall execute the contract in the amount determined by the Contract Documents. City may require appropriate evidence that the persons executing the contract are duly empowered to do so.

26. NON-DISCRIMINATION

It is the policy of the City that in connection with all work performed under contracts, there be no discrimination against any prospective or active contractor employee engaged in the Work because of race, color, ancestry, natural origin, religious creed, sex, age, disability, or marital status.

27. DRUG-FREE WORKPLACE

It is the policy of the City of Santee to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensation, possession and/or use of controlled substances in the workplace are prohibited. Controlled substances are those defined in 21 USC Section 812 and include, but are not limited to, such substances as marijuana, heroin, cocaine, and amphetamines. The workplace is presumed to include all City of Santee facilities and premises where City of Santee employees may visit in the execution of their job duties such as homes, schools, hospitals, etc. All City of Santee employees are required to comply with this policy as an essential condition of employment. Individuals who are not considered City of Santee employees, but who perform work at City worksites for the City's benefit are required to comply with this policy. Such individuals who unlawfully manufacture, distribute, dispense, possess or use controlled substances in the City workplace may be barred from further work for and in the City's facilities as well as from future consideration.

28. PUBLIC RECORD

All bids submitted in response to the Notice Inviting Bids shall become the property of the City and are public records to the extent permitted by law, and as such, may be subject to public review.

29. BID PROTESTS

Any bid protest relating to the form or content of the Bid or Contract Documents must be submitted in writing to the City Manager, City of Santee, 10601 Magnolia Avenue, Santee, CA 92071, at least five (5) business days before the original date set for the bid opening. Any bidder who submits a bid without making a protest shall be deemed to have waived any objection to the form or content of the Bid or Contract Documents not previously stated in writing.

Any bid protest relating to a bid received by the City or any City procedure or action related to the bid opening or proposed contract award must be submitted in writing to the City Manager before 3:30 p.m. on the third (3rd) working day following Bid opening.

All protests must meet the following requirements:

- A. The initial protest document must contain a complete statement of the basis for the protest, and all supporting documentation.
- B. The party filing the protest must have actually submitted a Bid for the Work. A subcontractor of a party submitting a Bid for the Work may not submit a Bid protest. A party may not rely on the Bid protest submitted by another Bidder but must timely pursue its own protest.
- C. The protest must refer to the specific portion of the Bid Document which forms the basis for the protest.
- D. The protest must include the name, address and telephone number of the person representing the protesting party.
- E. The party filing the protest must concurrently transmit a copy of the initial protest document and any attached documentation to all other parties with a direct financial interest which may be adversely affected by the outcome of the protest. Such parties shall include all other Bidders who appear to have a reasonable prospect of receiving an award depending upon the outcome of the protest.
- F. The City will give the protested Bidder five (5) working days after the receipt of the protest to submit a written response. The responding Bidder shall transmit the response to the protesting Bidder concurrent with delivery to the City.
- G. The procedure and time limits set forth in this paragraph are mandatory and are the Bidder's sole and exclusive remedy in the event of Bid protest. The Bidder's failure to comply with these procedures shall constitute a waiver of any right to further pursue the Bid protest, including filing a Government Code Claim or legal proceedings.
- H. If the City determines that a protest is frivolous, the protesting Bidder may be determined to be non-responsible, and that Bidder may be determined to be ineligible for future contract awards.

(C) Notices; Cancellation or Reduction of Coverage. Contractor shall provide the City at least thirty (30) days prior written notice of cancellation of any policy required by this Agreement, except that the Contractor shall provide at least ten (10) days prior written notice of cancellation of any such policy due to non-payment of premium. If any of the required coverage is cancelled or expires during the term of this Agreement, the Contractor shall deliver renewal certificate(s) including the General Liability Additional Insured Endorsement to the City at least ten (10) days prior to the effective date of cancellation or expiration. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, the City has the right but not the duty to obtain the insurance it deems necessary, and any premium paid by the City will be promptly reimbursed by Contractor or the City may withhold amounts sufficient to pay premium from Contractor payments. In the alternative, the City may suspend or terminate this Agreement.

(D) Additional Insured. The City of Santee, its officials, officers, employees, agents, and volunteers shall be named as additional insureds on Contractor's and its subcontractors' policies of commercial general liability and automobile liability insurance using the endorsements and forms specified herein or exact equivalents.

(E) Primary Coverage. For any claims related to this Agreement, the Contractors insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects The City of Santee, its officials, officers, employees, agents, and volunteers. Any insurance or self-insurance maintained by The City of Santee, its officials, officers, employees, agents, and volunteers shall be excess of the Contractor's insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella Liability policies that City may allow.

(F) Umbrella or Excess Policy. The Contractor may use Umbrella or Excess Policies to provide the liability limits as required in this Agreement. This form of insurance will be acceptable provided that all of the Primary and Umbrella or Excess Policies shall provide all of the insurance coverages herein required, including, but not limited to, primary and non-contributory, additional insured, Self-Insured Retentions (SIRs), indemnity, and defense requirements. The Umbrella or Excess policies shall be provided on a true "following form" or broader coverage basis, with coverage at least as broad as provided on the underlying Commercial General Liability insurance. No insurance policies maintained by the Additional Insureds, whether primary or excess, and which also apply to a loss covered hereunder, shall be called upon to contribute to a loss until the Contractor's primary and excess liability policies are exhausted.

3.2.11.3 Insurance Endorsements. The insurance policies shall contain the following provisions, or Contractor shall provide endorsements on forms supplied or approved by the City to add the following provisions to the insurance policies:

(A) General Liability. The general liability policy shall include or be endorsed (amended) to state that: (1) using ISO CG forms 20 10 and 20 37, or endorsements providing the exact same coverage, the City of Santee, its officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to the Services or ongoing and complete operations performed by or on behalf of the Contractor, including materials, parts or equipment furnished in connection with such work; and (2) using ISO form 20 01, or endorsements providing the exact same coverage, the insurance coverage shall be primary insurance as respects the City, its officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Contractor's scheduled underlying coverage. Any excess insurance shall contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City, before the City's own primary insurance or self-insurance shall be called upon to protect it as a named insured. Any insurance or self-insurance maintained by the City, its officials, officers, employees, agents, and volunteers shall be excess of the Contractor's insurance and shall not be called upon to contribute with it in any way. Notwithstanding the minimum limits set forth in Section 3.2.11.2(B), any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds pursuant to this Section 3.2.11.3(A).

(B) Automobile Liability. The automobile liability policy shall include or be endorsed (amended) to state that: (1) the City, its officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Contractor or for which the Contractor is responsible; and (2) the insurance coverage shall be primary insurance as respects the City, its officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Contractor's scheduled underlying coverage. Any insurance or self-insurance maintained by the City, its officials, officers, employees, agents, and volunteers shall be excess of the Contractor's insurance and shall not be called upon to contribute with it in any way. Notwithstanding the minimum limits set forth in Section 3.2.11.2(B), any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds pursuant to this Section 3.2.11.3(B).

(C) Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work performed by the Contractor.

(D) All Coverages. Each insurance policy required by this Agreement shall be endorsed to state that: (A) coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days (10 days for nonpayment of premium) prior written notice by certified mail, return receipt requested, has been given to the City; and (B) any failure to comply with reporting or other provisions of the policies, including breaches of warranties, shall not affect coverage provided to the City, its officials, officers, employees, agents, and volunteers. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the City, its officials, officers, employees, agents and volunteers, or any other additional insureds.

3.2.11.4 Separation of Insureds; No Special Limitations; Waiver of Subrogation. All insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the City, its officials, officers, employees, agents, and volunteers. All policies shall waive any right of subrogation of the insurer against the City, its officials, officers, employees, agents, and volunteers, or any other additional insureds, or shall specifically allow Contractor or others providing insurance evidence in compliance with these specifications to

waive their right of recovery prior to a loss. Contractor hereby waives its own right of recovery against City, its officials, officers, employees, agents, and volunteers, or any other additional insureds, and shall require similar written express waivers and insurance clauses from each of its subcontractors.

3.2.11.5 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. Contractor shall guarantee that, at the option of the City, either (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City, its officials, officers, employees, agents, and volunteers; or (2) the Contractor shall procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

3.2.11.6 Subcontractor Insurance Requirements. Contractor shall not allow any subcontractors to commence work on any subcontract relating to the work under the Agreement until they have provided evidence satisfactory to the City that they have secured all insurance required under this Section. If requested by Contractor, the City may approve different scopes or minimum limits of insurance for particular subcontractors. The Contractor and the City shall be named as additional insureds on all subcontractors' policies of Commercial General Liability using ISO form 20 38, or coverage at least as broad.

3.2.11.7 Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating no less than A:VIII, licensed to do business in California, and satisfactory to the City.

3.2.11.8 Verification of Coverage. Contractor shall furnish City with original certificates of insurance and endorsements effecting coverage required by this Agreement on forms satisfactory to the City. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf and shall be on forms provided by the City if requested. All certificates and endorsements must be received and approved by the City before work commences. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.2.11.9 Reporting of Claims. Contractor shall report to the City, in addition to Contractor's insurer, any and all insurance claims submitted by Contractor in connection with the Services under this Agreement.

3.2.12 Safety. Contractor shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed. Safety precautions as applicable shall include, but shall not be limited to: (A) adequate life protection and life saving equipment and procedures; (B) instructions in accident prevention for all employees and subcontractors, such as safe walkways, scaffolds, fall protection ladders, bridges, gang planks, confined space procedures, trenching and shoring, equipment and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and (C) adequate facilities for the proper inspection and maintenance of all safety measures.

3.2.13 Bonds.

3.2.13.1 Performance Bond. If required by law or otherwise specifically requested by City in Exhibit 'D' attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Performance Bond in the amount of the total, not-to-exceed compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.13.2 Payment Bond. If required by law or otherwise specifically requested by City in Exhibit "E" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the total, not-to-exceed compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.13.3 Bond Provisions. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this Section are accepted by the City. To the extent, if any, that the total compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the total compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.13.4 Surety Qualifications. Only bonds executed by an admitted surety insurer, as defined in Code of Civil Procedure Section 995.120, shall be accepted. The surety must be a California-admitted surety with a current A.M. Best's rating no less than A:VIII and satisfactory to the City. If a California-admitted surety insurer issuing bonds does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

3.2.14 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.3 Fees and Payments.

3.3.1 Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit 'C' attached hereto and incorporated herein by reference. The total compensation shall not exceed [***INSERT WRITTEN DOLLAR AMOUNT***] (\$[***INSERT NUMERICAL DOLLAR AMOUNT***]) without written approval of City's Director of Community Services, or his or her designee. The maximum compensation to be provided pursuant to each Work Order shall be set forth in the relevant Work Order. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 45 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.4 Termination of Agreement.

3.4.1 Grounds for Termination. City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those services which have been adequately rendered to City, and Contractor shall be entitled to no further compensation. Contractor may not terminate this Agreement except for cause.

3.4.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Contractor to provide all finished or unfinished Documents and Data and other information of any kind prepared by Contractor in connection with the performance of Services under this Agreement. Contractor shall be required to provide such document and other information within fifteen (15) days of the request.

3.4.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Contractor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Contractor shall be barred from bringing and maintaining a valid lawsuit against the City.

Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

3.5.9 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not workdays. All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Agreement. All references to City include its officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

Contractor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no official, officer, or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

4. ASSIGNMENT OF ANTI-TRUST CLAIMS

Contractor offers and agrees to assign to City all rights, title and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2 of Part 2 of Division 7 of the Business and Professions Code) arising from purchases of goods, services, or materials pursuant to this Contract. Such assignment shall be made and become effective at the time City tenders final payment to Contractor, without further acknowledgment by the parties. If after the foregoing procedures are completed and a civil action is filed, the action shall be subject to the mediation and arbitration provisions required by Section 20104.4 of the Public Contract Code.

5. THIRD-PARTY CLAIMS

Pursuant to Section 9201 of the Public Contract Code, the City shall provide the Contractor with timely notification of the receipt of any third-party claims, relating to the Contract. The City shall be entitled to recover its reasonable costs incurred in providing such notification.

6. CONFIDENTIALITY

Contractor shall keep confidential all information, in whatever form, produced, prepared, observed, or received by Contractor to the extent that such information is confidential by law or otherwise required by this Agreement.

7. UNFORESEEN DIFFICULTIES

All loss or damage arising out of the nature of the Work to be done under the Contract, or from any unforeseen obstructions or difficulties which may be encountered during the progress of the Work and in the prosecution of the same, or from encumbrances on the line of work, shall be sustained by the Contractor, except as may be otherwise specifically provided by the Contract Documents.

8. LABOR CODE REQUIREMENTS

8.1 Prevailing Wages. Contractor is aware of the requirements of California Labor Code Section 1720 et seq., and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Since the Work being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and since the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. City shall provide Contractor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Contract upon request. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at Contractor's principal place of business and at the project site. Contractor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. Contractor and any subcontractor shall forfeit a penalty of up to \$200 per calendar day or portion thereof for each worker paid less than the prevailing wage rates.

8.2 Apprenticeable Crafts. When Contractor employs workmen in an apprenticeable craft or trade, Contractor shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor. The Contractor or any subcontractor that is determined by the Labor Commissioner to have knowingly violated Section 1777.5 shall forfeit as a civil penalty an amount not exceeding \$100 for each full calendar day of noncompliance, or such greater amount as provided by law.

8.3 Hours of Work. Contractor is advised that eight (8) hours labor constitutes a legal day's work. Pursuant to Section 1813 of the California Labor Code, Contractor shall forfeit a penalty of \$25.00 per

worker for each day that each worker is permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week, except when payment for overtime is made at not less than one and one half (1 1/2) times the basic rate for that worker.

8.4 Payroll Records. Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work. The payroll records shall be certified and shall be available for inspection at all reasonable hours at the principal office of Contractor in the manner provided in Labor Code section 1776. In the event of noncompliance with the requirements of this section, Contractor shall have 10 days in which to comply subsequent to receipt of written notice specifying in what respects such Contractor must comply with this section. Should noncompliance still be evident after such 10-day period, Contractor shall, as a penalty to City, forfeit not more than \$100.00 for each calendar day or portion thereof, for each worker, until strict compliance is effectuated. The amount of the forfeiture is to be determined by the Labor Commissioner. A contractor who is found to have violated the provisions of law regarding wages on Public Works with the intent to defraud shall be ineligible to bid on Public Works contracts for a period of one to three years as determined by the Labor Commissioner. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, such penalties shall be withheld from progress payments then due. The responsibility for compliance with this section is on Contractor. The requirement to submit certified payroll records directly to the Labor Commissioner under Labor Code section 1771.4 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Section 1771.4.

8.5 Contractor and Subcontractor Registration. Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work. Contractor has filled out a Public Works Contractor Registration Certification with its bid. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

8.6 Labor Compliance; Stop Orders. This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be the Contractor's sole responsibility to evaluate and pay the cost of complying with all labor compliance requirements under this Contract and applicable law. Any stop orders issued by the Department of Industrial Relations against Contractor or any subcontractor that affect Contractor's performance of Work, including any delay, shall be Contractor's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Contractor caused delay subject to any applicable liquidated damages and shall not be compensable by the City. Contractor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Contractor or any subcontractor.

9. CARB COMPLIANCE

Contractor, shall comply, and shall ensure all subcontractors comply, with all applicable requirements of the most current version of the regulations imposed by California Air Resources Board ("CARB") including, without limitation, all applicable terms of Title 13, California Code of Regulations Division 3, Chapter 9, and all pending amendments ("Regulation").

Throughout the Project, and for three (3) years thereafter, Contractor shall make available for inspection and copying any and all documents or information associated with Contractor's and subcontractors' fleet including, without limitation, the Certificates of Reported Compliance ("CRCs"), fuel/refueling records, maintenance records, emissions records, and any other information the Contractor is required to produce, keep or maintain pursuant to the Regulation. Contractor shall make available for inspection and copying such documents upon two (2) calendar days' notice from the City.

Contractor shall be solely liable for any and all costs associated with complying with the Regulation as well as for any and all penalties, fines, damages, or costs associated with any and all violations, or failures to comply with the Regulation. Contractor shall defend, indemnify, and hold harmless the City, its officials, officers, employees and authorized volunteers free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Regulation. Contractor's CARB Compliance Certification is attached hereto and incorporated herein as Exhibit F.

When the Contractor arrives at the site, the Contractor shall set up traffic warning and control devices and any other safety devices, if deemed necessary, and proceed with remedial action after contacting the Public Services Manager.

14.2 SCHEDULING

14.2.1 General. Work Orders will be issued by the Public Services Manager and/or his designee in written or web-based form on an as-needed basis. Work schedule will be determined by the City and Contractor together and shall be scheduled in a manner that minimizes inconvenience to City staff, the public and recreational uses of the facilities and designed to maintain the sites in safe condition and in accordance with highest industry standards. The amount of time needed to complete each Work Order will be determined by order of priority and urgency.

14.2.2 Hours of Work. Regular work shall be performed between the hours of 7:30 A.M. and 4:00 P.M. Monday through Friday. The following instances are exceptions:

Any and all steps necessary to protect City employees and/or the public from a dangerous condition.

14.2.3 Compliance with Schedule. The Public Services Manager or Contractor may request a change in the schedule whenever it is necessary to maintain the standards set forth in the Contract Documents or to accommodate the public. Contractor shall comply with the schedule approved by the Public Services Manager. Deviations shall only be permitted when there is inclement weather, unusual local conditions or emergency. The City will utilize said work schedule as one of the methods to monitor the Contractor's performance of the Contract.

In the event the Contractor is prevented from performing Work, as provided in the schedule, because of reasons other than emergency circumstances, Contractor shall be required to complete the Work so deferred prior to the next regular scheduled date, or give the City credit for work not performed.

14.2.4 Liquidated Damages. Should services not be provided as specified and on or before a scheduled performance date, or within the period of any authorized extension, it is agreed that City will sustain damage and that it will be impracticable and extremely difficult to ascertain the actual damage; therefore, Contractor shall pay to the City as fixed and liquidated damages, and not as a penalty, the sum of \$100 for each calendar day that completion of the Work is delayed. In the event the sum is not paid, the Contractor agrees that the City may deduct this amount from any money due or that may become due to the Contractor under this Agreement.

14.2.5 Excusable Delays. Except for the obligation of payment of money, in no event shall either party be liable, one to the other, for any delay or failure to perform hereunder, which delay or failure to perform is due to causes beyond the control of said party, including, but not limited to: acts of God; acts of the public enemy; acts of the United States of America, or any state, territory or political division of the United States of America, or of the District

of Columbia; fires; floods; epidemics; quarantine restrictions; strikes; or other causes beyond the control of the party claiming excusable delay.

Repeated unexcused tardiness will not be tolerated and may be cause for termination of the Contract.

14.2.6 Holidays. If a holiday occurs on a scheduled Workday, work shall resume within two (2) business days and at no additional cost to City.

14.2.7 Inclement Weather. Should inclement weather or other acts of God prohibit Contractor from working, Contractor's work schedule will be adjusted to correspond with the same amount of time that Contractor was unable to work.

15. ORAL MODIFICATIONS INEFFECTIVE

No oral order, objection, claim or notice by any party to the other shall affect or modify any of the terms or obligations contained in any of the Contract Documents and none of the provisions of the Contract Documents shall be held to be waived or modified by reason of any act whatsoever, except by a waiver or modification thereof in writing and signed by the Director and the Contractor.

15.1 CHANGES IN WORK

The Public Services Manager and/or his designee may prescribe, in writing, a modification of requirements or of methods of work; or in the quantity or character or the Work to be furnished. In the event conditions develop which, in the opinion of Contractor, make strict compliance with these Contract Specifications impractical, Contractor shall submit to the Public Services Manager and/or his designee for their consideration and approval or disapproval, a written request for modification of requirements of the Work. This request shall set forth in detail, the reasons why the specified requirements are considered impractical and Contractor's proposal for any alternate that will relieve this alleged impracticality.

If such changes increase or diminish the quantity or amount of work to be done, they shall not constitute the basis for a claim for damages or anticipated profits on the work that may be dispensed with; provided, that as such changes or alterations render useless any work already done, the Public Services Manager and/or his designee shall make reasonable allowance therefore, which action shall be binding upon both parties. Should any Contract item be deleted in its entirety, payment will be made only for actual costs incurred prior to notification of such deletion.

The City reserves the right to increase or decrease the Contract quantities by up to fifty percent (50%) per year without renegotiating the unit cost. Additional work will be compensated at the unit cost bid for each item of work so long as such additional work does not exceed fifty percent (50%) of the estimated annual quantity.

Regardless of the change, all changes made to the Contract documents, whether it be character of the Work or quantity of the Work, must be agreed upon, in writing, by both Director and Contractor and implemented with a Change Order and/or Contract Amendment. Change Orders and/or Contract Amendments shall include a brief description of the change, dollar value of the change, and any adjustments in Contract time, if applicable. If no prices are named in the Contract to cover such changes or alterations, the cost of such changes shall be determined by agreement between the Director and the Contractor. If an agreement cannot be reached, such changes causing an increase in work shall be covered as hereinafter provided for as Extra Work. Decreases in work shall be negotiated by the Director and the Contractor.

15.2 EXTRA WORK

Any additional work performed shall be subject to all of the provisions of the Contract and Contractor's sureties shall be bound with reference thereto as under the original Contract. If during the performance of the Contract it shall, in the opinion of the Director, become necessary or desirable for the proper completion of the Contract to order work done or materials or equipment furnished which, in the opinion of the Director, are not susceptible of classification under the tasks named in the Bid Proposal, Contractor shall do and perform such work and furnish such materials and equipment. Such labor, materials, machinery, equipment, tools, or supplies will be classed as extra work and shall be ordered in writing before such work is started. No extra work shall be paid for unless ordered in writing by the Director or his designee.

Extra work and material will ordinarily be paid for at a lump sum or unit price agreed on in writing by the Director and Contractor before the extra work shall be ordered. If any work or materials are ordered under this section on a "cost-plus basis," Contractor shall provide the Public Services Manager written reports showing the name and number of each worker employed thereon, the number of hours employed thereon, the character of work Contractor is doing, and the wages paid or to be paid, also showing the materials delivered and any other items that may enter into the cost, the quantity, and the character of each such material, from whom purchased and the net amount paid or to be paid therefore, and, such other information as directed. If required, Contractor shall produce any books, vouchers, other records, or memoranda that will assist the Public Services Manager in determining the true, necessary cost of the work and materials to be paid for. Utilizing such cost-plus basis, the Contractor is paid for all of its costs of performance (labor, materials, equipment, management and other services) plus a maximum of fifteen percent (15%) additional percentage for overhead and profit.

Whenever any parts or equipment must be replaced because of Contractor's actions or failure to act, Contractor shall perform such replacement at no additional cost to the City.

15.3 TEMPORARY SUSPENSION OF WORK

The City shall have the authority to suspend the Work wholly or in part, for such period as the City deems necessary, due to unsuitable weather or to such other conditions as are considered unfavorable for the suitable prosecution of the Work, or for such time as the City may deem necessary due to the failure on the part of the Contractor to carry out orders given or to perform any provisions of the Work or otherwise. The Contractor shall immediately comply with the written order of the City to suspend the Work wholly or in part, and shall not resume the Work until ordered to do so in writing by the City.

In the event that a suspension of Work is ordered because of failure on the part of the Contractor to carry out orders given or to perform any provisions of the Work, such suspension of Work shall not relieve the Contractor of its responsibility to complete the Work within the time limits set forth in the Contract Documents, and shall not be considered cause for extension of the time for completion, and further, such suspension of Work shall not entitle the Contractor to any additional compensation.

16. PAYMENTS / DEDUCTIONS FROM PAYMENTS

16.1 PAYMENTS

On or before the first day of each calendar month, Contractor shall submit a detailed invoice to the Public Services Manager requesting payment for services rendered in the preceding month. Upon receipt of the invoice, it shall be reviewed by the Public Services Manager for the purpose of determining whether the payment request is undisputed and proper for payment. A payment request shall be considered properly executed if funds are available for payment of the payment

request, and payment is not delayed due to an audit inquiry by the financial officer of the City. If it is determined not to be a request suitable for payment, it shall be returned to Contractor as soon as practicable, but not later than seven (7) working days after receipt, accompanied by a document setting forth in writing the reasons why the invoice is not proper. Contractor's failure to submit invoices on a timely basis may be grounds for termination of this Contract in accordance with Section 16.

City shall make the payment within thirty (30) days after receipt of an undisputed and properly submitted payment request from Contractor. The number of days available to City to make a payment without incurring interest pursuant to this paragraph shall be reduced by the number of days by which the Public Services Manager exceeds the seven (7) day requirement. The City may deduct from any payment all amounts necessary to protect City to the extent authorized by California law. The failure by the City to deduct any of these sums from a payment shall not constitute a waiver of the City's right to such sums. Contractor must execute a conditional waiver and release for payment pursuant to Civil Code Section 3262.

16.1.1 Hourly Rates. Hourly rates for Normal Response shall be for work performed Monday through Friday, 7:30 A.M. to 4:00 P.M. Minimum Billing Allowed for Normal Response is one (1) hour for all services. Partial hours worked after the first hour (minimum) shall be billed at the hourly rate pro-rated to the nearest quarter (15 minutes).

All services/responses shall include trip charges, truck charges, fuel charges, tool charges, and any other charges not stated herein.

16.1.2 Payment for Materials and/or Rental Equipment. Whenever materials and/or rental of equipment are billed on Contractor's request for payment/invoice, a copy of detailed vendor invoices must be attached for verification. Such invoices and/or receipts must document total costs to the Contractor, including discounts, and may then have a not to exceed fifteen percent (15%) mark-up added. Note: Prior City approval is required for all rented equipment.

16.2 DEDUCTIONS FROM PAYMENTS

The Director may retain out of any amounts due the Contractor sums sufficient to cover any unpaid claims provided, however, that Stop Notices of said claims shall have been filed with the City. The City shall deduct from billings and shall not pay the following:

- a) Any charges attributable to work that, in the opinion of the Public Services Manager, have not been performed, have been improperly performed, or have caused damage by the Contractor.

**FAITHFUL PERFORMANCE BOND
(required if contract exceeds \$25,000)**

KNOW ALL PERSONS BY THESE PRESENTS:

THAT WHEREAS, the **City of Santee** (hereinafter referred to as "City") has awarded to _____, (hereinafter referred to as the "Contractor") an agreement for the work described as follows: HOMELESS ENCAMPMENT CLEANUP SERVICES, RFB #25/26-20092, (hereinafter referred to as the "Project");

WHEREAS, the work to be performed by the Contractor is more particularly set forth in the Contract Documents for the Project dated _____, (hereinafter referred to as "Contract Documents"), the terms and conditions of which are expressly incorporated herein by reference; and

WHEREAS, the Contractor is required by the Contract Documents to perform the terms thereof and to furnish a bond for the faithful performance of the Contract Documents.

NOW, THEREFORE, we, _____, the undersigned Contractor and _____ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto the City in the sum of _____ DOLLARS, (\$_____), the sum being not less than one hundred percent (100%) of the Contract Price, for which amount well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Contractor, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and agreements in the Contract Documents and any alteration thereof made as therein provided, on its part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill all obligations including the one-year guarantee of all materials and workmanship; and shall indemnify and save harmless the City, its officers and agents, as stipulated in the Contract Documents, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the Contract Documents, unless otherwise provided for in the Contract Documents, the guarantee obligation shall hold good for a period of one (1) year after the acceptance of the work by City, during which time if Contractor shall fail to make full, complete, and satisfactory repair and replacements and totally protect the City from loss or damage resulting from or caused by defective materials or faulty workmanship the above obligation in penal sum thereof shall remain in full force and effect. However, anything in this paragraph to the contrary notwithstanding, the obligations of Surety hereunder shall continue so long as any obligation of Contractor remains. Nothing herein shall limit the City's rights or the Contractor or Surety's obligations under the Contract, law or equity, including, but not limited to, California Code of Civil Procedure section 337.15.

As a part of the obligation secured hereby and in addition to the face amount specified therefor, there shall be included costs, and reasonable expenses and fees including reasonable attorney's fees, incurred by City in enforcing such obligation.

Whenever Contractor shall be, and is declared by the City to be, in default under the Contract Documents, the Surety shall remedy the default pursuant to the Contract Documents, or shall promptly, at the City's option:

- (1) Take over and complete the Project in accordance with all terms and conditions in the Contract Documents; or

- (2) Obtain a bid or bids for completing the Project in accordance with all terms and conditions in the Contract Documents and upon determination by Surety of the lowest responsive and responsible bidder, arrange for a Contract between such bidder, the Surety and the City, and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor by the City under the Contract and any modification thereto, less any amount previously paid by the City to the Contractor and any other set offs pursuant to the Contract Documents.
- (3) Permit the City to complete the Project in any manner consistent with California law and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor by the City under the Contract and any modification thereto, less any amount previously paid by the City to the Contractor and any other set offs pursuant to the Contract Documents.

Surety expressly agrees that the City may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Contractor.

Surety shall not utilize Contractor in completing the Project nor shall Surety accept a bid from Contractor for completion of the Project if the CITY, when declaring the Contractor in default, notifies Surety of the City's objection to Contractor's further participation in the completion of the Project.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project to be performed thereunder shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project, including but not limited to the provisions of sections 2819 and 2845 of the California Civil Code.
