Instructors and Businesses Using Park Property Permitting Guidelines

Businesses and instructors that wish to use City of Santee park property for classes, such as personal training, adult exercise/boot camps, sports coaching, lessons, and dog training are required to obtain a permit from the Community Services Department prior to operating.

Permits are park specific and permit holders may not interfere with regular public use of any park. A permit is not a reservation and does not guarantee exclusive use of park property, including fields, grass, picnic areas, courts, sidewalks, lighting or parking lots. The number of permits may be limited and restrictions may be placed on the times and locations available.

The permit fee is \$50 per month, is non-refundable and cannot be prorated or resold. Permits are issued in 3-month increments. Community Services has the authority to revoke any permit.
