<tr>
<td>SUMMARY</td>
<td>This item asks the City Council to waive the reading in full of all ordinances on the agenda (if any) and approve their reading by title only. The purpose of this item is to help streamline the City Council meeting process, to avoid unnecessary delay and to allow more time for substantive discussion of items on the agenda. State law requires that all ordinances be read in full either at the time of introduction or at the time of passage, unless a motion waiving further reading is adopted by a majority of the City Council. (Gov. Code, § 36934). This means that each word in each ordinance would have to be read aloud unless such reading is waived. Such reading could substantially delay the meeting and limit the time available for discussion of substantive items. Adoption of this waiver streamlines the procedure for adopting the ordinances on tonight's agenda (if any), because it allows the City Council to approve ordinances by reading aloud only the title of the ordinance instead of reading aloud every word of the ordinance. The procedures for adopting resolutions are not as strict as the procedures for adopting ordinances. For example, resolutions do not require two readings for passage, need not be read in full or even by title, are effective immediately unless otherwise specified, do not need to be in any particular format unless expressly required, and, with the exception of fixing tax rates or revenue amounts, do not require publication. However, like ordinances, all resolutions require a recorded majority vote of the total membership of the City Council. (Gov. Code § 36936).</td>

AGENDA ITEM NO.

ITEM TITLE        PROFESSIONAL SERVICES AGREEMENT WITH WEBB MUNICIPAL FINANCE, LLC FOR FY 2020-21 ASSESSMENT ENGINEERING AND COMMUNITY FACILITIES DISTRICT ADMINISTRATION SERVICES

DIRECTOR/DEPARTMENT Tim K. McDermott, Finance

SUMMARY
The Finance Department recently issued a request for proposals to provide assessment engineering and community facilities district administration services for the Santee Town Center Landscape Maintenance District, Santee Roadway Lighting District, Fire Special Tax, Santee Landscape Maintenance District, Community Facilities District No. 2015-1 (Municipal Maintenance Services), Community Facilities District No. 2017-1 (Weston Infrastructure), and Community Facilities District No. 2017-2 (Weston Municipal Services). Eight proposals were received which were evaluated by City staff based upon criteria such as professional qualification of the firm and key personnel, experience with similar projects, proposed project approach and methodology, and ability to meet the project requirements within budgetary considerations.

Four firms were selected to interview with a team of City staff on March 17th and 18th as the final step in making a recommendation for the award of a multi-year agreement. Due to the Covid-19 outbreak and resulting in-person interaction restrictions and other demands on City staff in addressing Covid-19 related matters, staff determined that it would be prudent to put the interviews on hold and conclude the request for proposals process in early 2021. As a result, staff recommends that the City Council authorize a one-year contract with the current firm handling our assessment engineering and community facilities district administration services, Webb Municipal Finance, LLC ("Webb"). Webb is one of the top four rated firms in the current process and has successfully and efficiently performed these services for the City since 2012. After this one-year period, the City will conclude the evaluation process and recommend the award of a multi-year agreement.

Staff recommends that the City Council authorize the execution of a professional services agreement with Webb Municipal Finance, LLC to perform fiscal year 2020-21 assessment engineering and community facilities district administration services in the amount of $26,200. The proposed contract amount is consistent with the fiscal year 2019-20 amount.

FINANCIAL STATEMENT
Funding for this agreement is included in the adopted fiscal year 2019-20 operating budgets for the General Fund and each district covered by the agreement.

CITY ATTORNEY REVIEW     □ N/A    ✓ Completed

MEETING DATE    March 25, 2020

ITEM TITLE     PURCHASE OF NEW STRUCTURAL FIREFIGHTING CLOTHING (TURNOUTS) FROM MUNICIPAL EMERGENCY SERVICES PER NATIONAL PURCHASING PARTNERS, LLC (dba NPPGov) CONTRACT #00000168

DIRECTOR/DEPARTMENT  John Garlow, Fire Chief

SUMMARY
This item requests City Council authorization to purchase a total of thirteen (13) new sets of structural firefighting clothing (turnouts) from Municipal Emergency Services (MES). One (1) set of turnouts is for a newly hired firefighter paramedic. The additional twelve (12) sets of turnouts will get us closer to providing two sets for each firefighter. Structural firefighting turnouts suffer from decreased safety and thermal efficiency when they are soiled and wet, so it is important that crews have a clean and dry set to use after a fire. Soiled and contaminated gear is also a major contributing factor of carcinogen exposure that firefighters face.

Santee Municipal Code Section 3.24.130 authorizes the City to purchase equipment and supplies from a vendor at a price established by competitive or competitively negotiated bid by another public agency as long as that bid substantially complied with the formal bidding procedures in Santee Municipal Code Section 3.24.100. On May 28, 2017, the Public Procurement Authority, working in cooperation with National Purchasing Partners, LLC (dba NPPGov) completed a competitive process, substantially complying with Santee’s Municipal Code, for procurement of fire turnouts and fire-related equipment. Based on the requirements for the lowest responsive responsible bidder offering the best overall quality and selection of products and services, Municipal Emergency Services (MES) was one of the vendors awarded Contract #00000168 for fire turnouts and fire-related equipment for an initial term of three years plus three annual options to renew.

Santee’s Purchasing Ordinance requires City Council approval of all purchases exceeding $25,000. Staff recommends utilizing NPPGov Contract #00000168 to purchase thirteen (13) sets of structural firefighting clothing (turnouts) from Municipal Emergency Services (MES) for an amount not to exceed $35,901.92.

FINANCIAL STATEMENT
Adequate funding for the purchase of the thirteen (13) sets of structural firefighting clothing (turnouts) is included in the amended FY 2019-20 Fire Department budget.

CITY ATTORNEY REVIEW  □ N/A  □ Completed

RECOMMENDATION
Authorize the purchase of thirteen (13) sets of structural firefighting clothing (turnouts) from Municipal Emergency Services (MES) per NPPGov Contract #00000168 for an amount not to exceed $35,901.92 and authorize the City Manager to execute all necessary documents.

RECITALS

A. Subdivider has presented to City for approval and recordation, a final subdivision map of a proposed subdivision pursuant to provisions of the Subdivision Map Act of the State of California and City's ordinances and regulations relating to the filing, approval and recordation of subdivision maps. The Subdivision Map Act and the City's ordinances and regulations relating to the filing, approval and recordation of subdivision maps are collectively referred to in this agreement as the "Subdivision Laws".

B. A tentative map of the Subdivision has been approved. The Resolution of Approval, listed on Page 1, is on file in the Office of the City Clerk or the Secretary to the Planning Commission and is hereby incorporated into this agreement by reference.

C. The Subdivision Laws establish as a condition precedent to the approval of a final subdivision map that Subdivider must have complied with the Resolution of Approval and must have either (a) completed, in compliance with City Standards, all of the improvements and land development work required by the Subdivision Laws or the Resolution of Approval or, (b) have entered into a secured agreement with City to complete the construction and installation of improvements and land development within a period of time specified by City.

D. In consideration of approval of a final subdivision map for the Subdivision by the Planning Commission or City Council (hereinafter referred to as "Legislative Body"), Subdivider desires to enter into this agreement, whereby Subdivider promises to install and complete at Subdivider's own expense, unless otherwise provided for in the Resolution of Approval, all the public improvement work required by City in connection with the proposed Subdivision. Subdivider has secured this agreement with improvement security required by the Subdivision Laws and approved by the City Attorney.

E. Improvement Plans for the construction, installation and completion of the improvements have been prepared by Subdivider and approved by the City Engineer and are incorporated into this agreement by this reference. All references in this agreement to the Improvement Plans shall include any specifications for the improvements as approved by the City Engineer.

F. Estimates of the cost of constructing the public improvements and performing land development work in connection with the public improvement requirements according to the Improvement Plans has been made and approved by the City Engineer. The estimated amounts are stated on Page 1 of the agreement and the basis for these estimates are attached as Exhibit "A".

G. An estimate of the cost of installing all required Subdivision Monuments has been made and approved by the City Engineer. The estimated amount is stated on Page 1 of the agreement and the basis for this estimate is attached as Exhibit "B".

H. Subdivider recognizes that by approval of the final subdivision map for
Subdivision, City has conferred substantial rights upon Subdivider, including the right to sell, lease, or finance lots within the Subdivision, and has taken the final act necessary to subdivide the property within the Subdivision.

NOW, THEREFORE, in consideration of the approval and authorization for recording of the final map of the Subdivision by the City Council, Subdivider and City agree as follows:

1. **Subdivider's Obligations to Construct Improvements.**

Subdivider shall:

a. Comply with all the requirements of the Resolution of Approval, any amendments thereto, and with the provisions of the Subdivision Laws.

b. Complete at Subdivider's own expense, all the public and private improvement work required on the Tentative Map and Resolution and the City standards as follows:

The Subdivider acknowledges that the Improvement Plans have been prepared in conformance with the City standards in effect on the date of improvement plan submittal, but that Subdivider shall be subject to the City standards in effect on the date the improvements are actually constructed.

c. Furnish the necessary equipment, labor and material for completion of the public improvements in conformity with the Improvement Plans and City standards.

d. Acquire and dedicate, or pay the cost of acquisition by City, all rights-of-way, easements and other interests in real property required for construction or installation of the public improvements, except as may otherwise be provided for in the Resolution of Approval, free and clear of all liens and encumbrances. The Subdivider's obligations with regard to acquisition by City of off-site rights-of-way, easements and other interests in real property shall be subject to a separate agreement between Subdivider and City and shall be in accordance with City Legislative Policy Memorandum (LPM 91-1). Subdivider shall also be responsible for obtaining any public or private drainage easements or other authorization to accommodate the Subdivision.
e. Notify City Engineer in writing at least five working days prior to the commencement of the work so that City Engineer will be able to schedule inspections.

h. Install street name signs conforming to City standards. If permanent street name signs have not been installed before acceptance of the improvements by the City, Subdivider shall install temporary street name signs according to such conditions as the City Engineer may require. Such action shall not, however, relieve Subdivider of the obligation to install permanent street signs.

2. Acquisition and Dedication of Easements or Rights-of-Way. If any of the public improvement and land development work contemplated by this agreement is to be constructed or installed on land not owned by Subdivider, no construction or installation shall be commenced prior to:

a. The offer of dedication to City of appropriate rights-of-way, easements or other interest in real property, and appropriate authorization from the property owner to allow construction or installation of the improvements or work; or

b. The dedication to, and acceptance by City of appropriate rights-of-way, easements, or other interests in real property, as determined by the City Engineer.

c. The issuance by a court of competent jurisdiction, pursuant to the state eminent domain law, of an order of possession. Subdivider shall comply in all respects with the order of possession.

Subdivider acknowledges their responsibility to comply with the requirements of Santee Municipal Code and the Subdivision Map Act and acknowledges further that the City will not be in a position to process a final map without the timely submittal of information to obtain off-site property interests required for the construction of off-site improvements, all in accordance with City Legislative Policy Memorandum (LPM 91-1).

Nothing in Paragraph 2 shall be construed as authorizing or granting an extension of time to Subdivider.

3. Security. Subdivider shall at all times guarantee Subdivider's performance of this agreement by furnishing to City, and by maintaining, good and
sufficient security as required by the Subdivision Laws on forms approved by City for the purposes and in the amounts as follows:

a. To assure faithful performance of this agreement and to secure payment to any contractor, subcontractor, persons renting equipment, or furnishing labor or materials for the grading, drainage and landscaping required to be constructed or installed pursuant to this agreement in an amount equal to one hundred percent (100%) of the Estimated Total Costs of Grading and Landscaping ("Grading and Landscaping Security"); and,

b. To assure faithful performance of this agreement in regard to the improvements in an amount equal to one hundred percent (100%) of the Estimated Total Cost of the Improvements ("Faithful Performance Security"); and,

c. To secure payment to any contractor, subcontractor, persons renting equipment, or furnishing labor or materials for the improvements required to be constructed or installed pursuant to this agreement in the additional amount equal to fifty percent (50%) of the Estimated Total Cost of the Improvements ("Labor and Material Security"); and,

d. To guarantee or warranty the work done pursuant to this agreement for a period of one year following acceptance thereof by City against any defective work or labor done or defective materials furnished in the additional amount equal to ten percent (10%) of the Estimated Total Cost of the Improvements ("Warranty Security"). The Warranty Security shall be included with, and made a part of the Faithful Performance Security until release of the Faithful Performance Security as specified in Paragraph 5.b hereof; and,

e. Subdivider shall also furnish to City good and sufficient security in an amount equal to one hundred percent (100%) of the Estimated Total Cost of Monumentation to secure the setting of subdivision monuments, as stated previously in this agreement and all payments associated with the setting ("Monumentation Security").

The securities required by this agreement shall be kept on file with the City Clerk. The terms and conditions of the security documents referenced on Page 1 of this agreement are incorporated into this agreement. If any security is replaced by another City approved security, the replacement shall be filed with the City Clerk and, upon filing, shall be deemed to have been made a part of and incorporated into this agreement. Upon filing of a replacement security with the City Clerk, the former security shall be released.

4. Guarantee or Warranty for One Year. In addition to any other remedy in law or equity, Subdivider shall guarantee or warranty the work done pursuant to this agreement for a period of one year after final acceptance by the City Council of the work and improvements against any defective
work or labor done or defective materials furnished. If within the warranty period any work or improvement or part of any work or improvement done, furnished, installed, constructed or caused to be done, furnished, installed or constructed by Subdivider fails to fulfill any of the requirements of this agreement or the Improvement Plans and specifications referred to herein, Subdivider shall without delay and without any cost to City, repair or replace or reconstruct any defective or otherwise unsatisfactory part or parts of the work or structure. Should Subdivider fail to act promptly or in accordance with this requirement, Subdivider hereby authorizes City, at City’s option, to perform the work twenty (20) days after mailing written notice of default to Subdivider and to Subdivider’s Financial Institution/Surety, and agrees to pay the cost of such work by City. Should the City determine that an urgency requires repairs or replacements to be made before Subdivider can be notified, City may, in its sole discretion, make the necessary repairs or replacement or perform the necessary work and Subdivider shall pay to City the cost of such repairs. City shall take all steps reasonably possible to notify Subdivider of such urgency, but failure to receive notification, shall not relieve the Subdivider or their Financial Institution/Surety from the obligation to pay for the entire cost of such urgency work.

5. Release of Securities. The securities required by this agreement shall be released as follows:

a. Security given under Paragraph 3.a as Grading and Landscaping Security shall be released in accordance with the City Design and Development Manual procedures for release of grading and erosion control securities.

b. Security given under Paragraph 3.b as Faithful Performance Security shall be released upon the final completion and acceptance of the improvements by the City. An amount equal to ninety percent (90%) of the security shall be released with the provision for ten percent (10%) of the original security amount to be retained as Warranty Security for guarantee and warranty of the work performed.

c. Security given under Paragraph 3.c as Labor and Material Security shall be released six months after the completion and acceptance of the work. The amount released shall be reduced to an amount equal to 125% of the total amounts claimed by all claimants for whom liens have been filed and of which notice has been given to the City, conditioned upon the payment of said claims together with costs of suit plus reasonable attorney’s fees, plus an amount reasonably determined by the City Engineer to be required to assure the performance of any other obligations secured by the security. The balance of the security is to be released upon the settlement of all claims and obligations for which the security was given.
d. Security given under Paragraph 3.d as Warranty Security shall be released after expiration of the warranty period providing any claims filed during the warranty period have been settled. As provided in Paragraph 4, the warranty period shall not commence until final acceptance of all work and improvements by the City.

e. Security given under Paragraph 3.e as Monumentation Security shall be released upon receipt by the City Engineer of written notice by the Subdivider, stating that monuments have been set in accordance with Subdivision Laws and receipt of evidence the Subdivider has paid the Engineer or Surveyor for the setting of subdivision monuments.

f. The City may retain from any security released, an amount sufficient to cover costs, reasonable expenses, and fees, including reasonable attorneys' fees.

6. **Inspection and Acceptance.** Subdivider shall at all times maintain proper facilities and safe access for inspection of the public improvements by City inspectors and to the shops wherein any work is in preparation. Upon completion of the work the Subdivider shall request a final inspection by the City. Upon receipt of the request the City will make final inspection within fifteen (15) days. If the City Engineer, or his/her authorized representative, determines that the work has been completed in accordance with this agreement, they shall certify the completion of the public improvements to the City Council. If the City Council determines that the improvements have been completed as required by this agreement, they shall accept the improvements within thirty (30) days. No improvements shall be accepted unless all aspects of the work have been inspected and determined to have been completed in accordance with the Improvement Plans and City standards. Subdivider shall bear all costs of inspection and certification.

7. **Final Acceptance of Work.** Acceptance of the work on behalf of City shall be made by the City Council upon recommendation of the City Engineer after final completion and inspection of all improvements. Such acceptance shall not constitute a waiver of defects by City, nor of the applicable statutes of limitation.

8. **Alteration to Improvement Plans.**

   a. Any changes, alterations or additions to the Improvement Plans and specifications or to the improvements which are mutually agreed upon by City and Subdivider, not exceeding ten percent (10%) of the original estimated cost of the improvement or $50,000 whichever is less, shall not change the amount of security required under Paragraph 3. In the event such changes, alterations, or additions exceed such amounts, Subdivider shall provide additional security as required by Paragraph 3 of this agreement based on the
Total Estimated Cost of Improvements as changed, altered, or amended, minus any completed partial releases allowed by Paragraph 5 of this agreement.

b. The Subdivider shall construct the improvements in accordance with the City standards in effect at the time of their construction. City reserves the right to modify the standards applicable to the Subdivision and this agreement, when necessary to protect the public safety or welfare or comply with applicable state or federal law or City zoning ordinances. If Subdivider requests and is granted an extension of time for completion of the improvements, City may apply the standards in effect at the time of the extension.

9. Injury to Public Improvements, Public Property or Public Utility Facilities. Subdivider shall replace or repair subdivision monuments which are destroyed or damaged as a result of any work under this agreement. Subdivider shall bear the entire cost of replacement or repairs of any and all public or public utility property damaged or destroyed by reason of any work done under this agreement, whether such property be owned by the United States or any agency thereof, or the State of California, or any agency, district or political subdivision thereof or by the City or any public or private utility corporation or by any combination of such owners. Any repair or replacement shall be to the satisfaction, and subject to the approval of, the City Engineer.

10. Injury to Work. Until such time as the improvements are accepted by City, Subdivider shall be responsible to bear the risk of loss to any of the improvements constructed or installed. Until such time as all improvements required by this agreement are fully completed and accepted by City, Subdivider will be responsible for the care, operation of, maintenance of, and any damage to such improvements. City shall not, nor shall any officer or employee thereof, be liable or responsible for any accident, loss or damage, regardless of cause, happening or occurring to the work or improvements specified in this agreement prior to the completion and acceptance of the work or improvements. All such risks shall be the responsibility of and are hereby assumed by Subdivider.

11. Default of Subdivider.

a. Default of Subdivider shall include, but not be limited, to, Subdivider's failure to timely commence construction of the improvements under this agreement; Subdivider's failure to timely complete construction of the improvements; Subdivider's failure to cure any defect in the improvements; Subdivider's failure to perform substantial construction work for a period of twenty (20) calendar days after commencement of the work; Subdivider's insolvency, appointment of a receiver, or the filing of any petition in bankruptcy either voluntary or involuntary which Subdivider falls to discharge within thirty (30) days; the commencement of a foreclosure action against the Subdivision or a portion thereof, or any conveyance in
lieu or in avoidance of foreclosure; or Subdivider’s failure to perform any other obligation under this agreement.

b. The City reserves to itself all remedies available to it at law or in equity for breach of Subdivider’s obligations under this agreement. In the event Subdivider fails to perform any of the terms or conditions of this agreement, the City will be damaged to the extent of the costs of installation of the improvements which Subdivider failed to install. It is specifically recognize that the determination of whether a reversion to acreage or rescission of the Subdivision approval constitutes an adequate remedy for default of the Subdivider shall be reserved to the sole discretion of City. The City shall have the right, to draw upon or utilize the appropriate security to mitigate City’s damages in event of default by Subdivider. The right of City to draw upon or utilize the security is additional to, and not in lieu of, any other remedy available to City. Both parties specifically recognize that the estimated costs and security amounts may not reflect the actual cost of construction or installation of the improvements and, therefore, City’s damages for Subdivider’s default shall be measured by the actual cost to the City of completing the required improvements.

The sums provided by the improvement security may be used by City for the completion of the public improvements in accordance with the Improvement Plans and specifications contained herein. In the event of Subdivider’s default under this agreement, Subdivider authorizes City to perform such obligation twenty (20) days after mailing written notice of default to Subdivider and to Subdivider’s Surety, and agrees to pay the entire cost of such performance by City.

City may take over the work and prosecute the same to completion, by contract or by any other method City may deem advisable, for the account and at the expense of Subdivider, and Subdivider’s Surety shall be liable to City for any excess cost or damages occasioned thereby; and, in such event, City, without liability for so doing, may take possession of, and utilize in completing the work such materials, appliances, plant and other property belonging to Subdivider as may be on the site of the work and necessary for performance of the work. Subdivider agrees not to remove such property from the site.

c. Failure of Subdivider to comply with the terms of this agreement shall constitute consent to the filing by City of a notice of violation against all lots in Subdivision, or to rescind the approval or otherwise revert the Subdivision to acreage.

d. In the event that Subdivider fails to perform any obligation hereunder, Subdivider agrees to pay all costs and expenses incurred by City in obtaining performance of such obligations,
including costs of suit and reasonable attorney's fees.

e. The failure of City to take an enforcement action with respect to a
default, or to declare a breach, shall not be construed as a waiver
of that default or any subsequent default of Subdivider.

12. Permits. Subdivider shall, at Subdivider's expenses, obtain all necessary
permits and licenses for the construction and installation of the
improvements, give all necessary notices and pay all fees and taxes
required by law.

13. Subdivider Not Agent of City. Neither Subdivider nor any of Subdivider's
agents or contractors are or shall be considered to be agents of City in
connection with the performance of Subdivider's obligations under this
agreement.

14. Other Agreements. Nothing contained in this agreement shall preclude
City from expending monies pursuant to agreements concurrently or
previously executed between the parties, or from entering into agreements
with other subdividers or developers for the apportionment of costs of
water and sewer mains, or other improvements, pursuant to the provisions
of the City ordinances providing therefore, nor shall anything in this
agreement commit City to any such apportionment.

15. Subdivider's Obligation to Warn Public During Construction. Until final
acceptance of the improvements, Subdivider shall give good and
adequate warning to the public for each and every dangerous condition
present in improvements, whether brought to his or her attention by the
City or otherwise, and will take all reasonable actions to protect the public
from such dangerous conditions. Warning to the public shall include but is
not limited to; installation and maintenance of any and all traffic control
devices in accordance with the approved traffic control plan, if any,
adherence to Caltrans and City standards for traffic control, site lighting,
fencing, barricading, warning signs, cover plates, warning tape, etc.

16. Vesting of Ownership. Upon acceptance of the work on behalf of City,
ownership of the improvements constructed pursuant to this agreement
shall vest in City.

17. Indemnity/Hold Harmless. The City or any officer or employee thereof
shall not be liable for any injury to persons or property occasioned by
reason of the acts or omissions of Subdivider, its agents or employees, in
the performance of this agreement. Subdivider further agrees to protect
and hold harmless City, its officials and employees from any and all
claims, demands, causes of action, liability or loss of any sort, because of,
or arising out of, acts or omission of Subdivider, its agents or employees in
the performance of this agreement, including all claims, demands, causes
of action, liability, or loss because of, or arising out of, in whole or in part,
the design or construction of the improvements; provided, however, that
the approved development securities shall not be required to cover the
provisions of this paragraph. Said indemnification and agreement to hold harmless shall extend to injuries to persons, and damages to or taking of property, resulting from the design or construction of said subdivision, and the public improvements as provided herein, and, in addition, damage to adjacent property as a consequence of the drainage systems, streets and other public improvements. Acceptance by the City of the improvements shall not constitute an assumption by the City of any responsibility for any damage or taking covered by this paragraph. City shall not be responsible for the design or construction of said Subdivision or the improvements pursuant to the approved Improvement Plans or map, regardless of any action or inaction taken by the City in approving the plans or map, unless the particular improvement design was specifically required by City over written objection by Subdivider submitted to the City Engineer before approval of the particular improvement design, which objection indicated that the particular improvement design was dangerous or defective and suggested an alternative safe and feasible design. After acceptance of the improvements, the Subdivider shall remain obligated to eliminate any defect in design or dangerous condition caused by the design or construction defect, however Subdivider shall not be responsible for routine maintenance. Provision of this paragraph shall remain in full force and effect for ten (10) years following the acceptance by the City of improvements. It is the intent of this section that Subdivider shall be responsible for all liability for design and construction of the improvements installed or work done pursuant to this agreement and that City shall not be liable for any nonfeasance, misfeasance or malfeasance in approving, reviewing, checking, or correcting any plans or specifications or in approving, reviewing or inspecting any work or construction.

18. **Sale or Disposition of Subdivision.** Sale or other disposition of this property will not relieve Subdivider from the obligations set forth herein. If Subdivider sells the property or any portion of the property within the subdivision to any other person, the Subdivider may request a novation of this agreement and a substitution of security. Upon approval of the novation by City and substitution of securities approved by City, the Subdivider may request a release or reduction of the securities required by this agreement. Nothing in the novation shall relieve the Subdivider of the obligations under Paragraph 17 for the work or improvement done by Subdivider.

19. **Time is of the Essence.** Time is of the essence in this agreement. Unless otherwise noted all “days” shall be construed to mean calendar days.

20. **Time for Commencement of Work; Time Extensions.** Subdivider shall commence substantial construction of the improvements required by this agreement not later than nine (9) months prior to the time for completion. In the event good cause exists, as determined by the City Engineer, the time for commencement of construction or completion of the improvements may be extended. The extension shall be made in writing executed by the City Manager. Any such extension may be granted without notice to Subdivider’s Surety and shall in no way affect the validity
of this agreement or release the Surety or Sureties from the obligations on any bond. An appeal of the denial for an extension must be made to the City Council within ten (10) days. As a condition of such extension, the City Engineer or City Council may require Subdivider to furnish additional security guaranteeing performance of this agreement as extended in an increased amount as necessary to compensate for any increase in construction costs as determined by the City Engineer.

21. **No Vesting of Rights.** Performance by Subdivider of this agreement shall not be construed to vest Subdivider’s right with respect to any change in any zoning or building law or ordinance.

22. **Notices.** All notices required or provided for under this agreement shall be in writing and delivered in person or sent by mail, postage prepaid and addressed as provided in this paragraph. Notice shall be effective on the date it is delivered in person, or, if mailed, on the date of deposit in the United States Mail. RESOLUTION NO. ___

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF Santee Declaring the Existence of a Local Emergency Regarding Novel Coronavirus (COVID-19) and Ratifying the Proclamation of the Director of Emergency Services

WHEREAS, COVID-19 has spread globally to over 182 countries, infecting more than 240,000 persons and killing more than 10,000 individuals worldwide. As of March 20, 2020, there were 105 cases in San Diego County. Due to the expanding list of countries experiencing sustained or uncontrolled community transmission issued by the Centers for Disease Control and Prevention ("CDC"), the escalation of United States domestic cases of and death from COVID-19, and the identification of COVID-19 cases in California, including San Diego County, COVID-19 has created conditions that are likely to be beyond the control of local resources and require the combined forces of other political subdivisions to combat; and

WHEREAS, on February 26, 2020, the CDC confirmed the first possible case of community transmission of COVID-19 in the United States. On February 14, 2020, the Health Officer of San Diego County determined that there is an imminent and proximate threat to the public health from the introduction of COVID-19 in San Diego County and declared a Local Health Emergency and the San Diego County Board of Supervisors ratified the existence of a local emergency for the County of San Diego; and

WHEREAS, on March 4, 2020, California Governor Gavin Newsom declared a State of Emergency to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19; and

WHEREAS, on March 11, 2020, the World Health Organization (WHO) publicly characterized COVID-19 as a pandemic; and

WHEREAS, on March 12, 2020, Governor Newsom issued Executive Order N-25-20 in a further effort to confront and contain COVID-19 that among other things suspended certain provisions of the Ralph M. Brown Act providing local agencies with greater flexibility to hold meetings via teleconferencing; and

WHEREAS, on March 13, 2020, the President of the United States declared a National Emergency due to the continued spread and the effects of COVID-19; and

WHEREAS, on March 19, 2020, Governor Newsom issued Executive Order N-33-2-0, ordering all individuals living in the State of California to stay home or at their place of residence except as needed to maintain continuity of operations of the federal government critical infrastructure sectors; and

WHEREAS, the City's ability to mobilize local resources, coordinate interagency response, accelerate procurement of vital supplies, use mutual aid, and seek future reimbursement by the State and Federal governments will be critical to successfully responding to COVID-19; and
RESOLUTION NO. ___

WHEREAS, California Government Code Section 8630, et seq., and City of Santee Municipal Code Section 2.23.060 empowers the Director of Emergency Services to proclaim the existence of a local emergency to protect and preserve the public welfare when the City is affected or likely to be affected by a public calamity; and

WHEREAS, on March 18, 2020, the Director of Emergency Services, did proclaim the existence of a local emergency; and

WHEREAS, the City Council does hereby find the following:

1. That the spread and potential further spread of COVID-19 constitutes a situation that severely impairs the public health and safety within the City of Santee and constitutes conditions of extreme peril to the safety of persons and property within the City of Santee;

2. That these conditions are likely to be beyond the control of the services, personnel, equipment, and facilities of the City of Santee;

3. That the conditions of extreme peril warrant and necessitate the declaration of the existence of a local emergency; and

WHEREAS, a declaration of a local emergency will assist in a coordinated public health response to reduce transmission and illness severity, provide assistance to health care providers, coordinate and mitigate public services that may be disrupted by this emergency, and mitigate any other effects of this emergency on the citizens of the City; and

WHEREAS, under Government Code Section 8630(b), a proclamation of local emergency must be ratified by the City Council within seven (7) days to remain in effect; and

WHEREAS, Government Code Section 8630 generally requires the City Council to review the need for continuing the local emergency at least every sixty (60) days, but as part of Governor Newsom’s March 4, 2020, Declaration of a State of Emergency in California due to COVID-19, this provision has been waived for the duration of the statewide emergency, allowing the City to maintain its emergency in place until terminated by the City Council; and

WHEREAS, the Governor of the State of California has stated that individuals exposed to COVID-19 may be temporarily unable to report to work due to illness caused by COVID-19 or quarantines related to COVID-19 and individuals directly affected by COVID-19 may experience potential loss of income, health care and medical coverage, and the ability to pay for housing and basic needs, thereby placing increased demands on already strained regional and local health and safety resources, including shelters and food banks; and

WHEREAS, further economic impacts are anticipated, leaving tenants vulnerable to eviction; and
RESOLUTION NO. ___

WHEREAS, during this local emergency, and in the interest of protecting the public health and preventing transmission of COVID-19, it is essential to avoid unnecessary housing displacement, to protect the City's affordable housing stock, and to prevent housed individuals from falling into homelessness; and

WHEREAS, loss of income as a result of COVID-19 may inhibit City residents and businesses from fulfilling their financial obligations, including public utility payments such as water and sewage charges and parking penalties; and

WHEREAS, ensuring that all people in the City continue to have access to running water during this public health crisis will enable compliance with public health directives that people regularly wash their hands will help to prevent the further spread of COVID-19; and

WHEREAS, in the interest of public health and safety, as affected by the emergency caused by the spread of COVID-19, it is necessary to exercise authority to issue this regulation related to the protection of life and property; and

WHEREAS, the City Council desires to declare a local emergency and ratify the proclamation of a local emergency by the Director of Emergency Services.

NOW, THEREFORE, IT IS HEREBY DECLARED by the City Council that a local emergency exists throughout the City of Santee, and the City Council ratifies the proclamation by the Director of Emergency Services, proclaiming the existence of local emergency caused by the spread of COVID-19 issued on March 18, 2020.

IT IS FURTHER DECLARED AND RESOLVED that, as authorized in Government Code Sections 8630 and City of Santee Municipal Code Section 2.32.060, and based on the foregoing, an "emergency" as defined in Government Code Section 54956.5(a) and City of Santee Municipal Code Section 2.32.020 and a "local emergency" as defined in Government Code Section 8558(c) hereby exists within the territorial jurisdiction of the City of Santee and are deemed to continue to exist until its termination is declared by the City Council.

IT IS HEREBY FURTHER DECLARED AND RESOLVED that the City Manager, acting as the Director of Emergency Services, is hereby authorized to furnish information, to promulgate orders and regulations necessary to provide for the protection of life and property pursuant to California Government Code Section 8634, to enter into agreements and to take all actions necessary to obtain State emergency assistance to implement preventive measures to protect and preserve the residents of the City within the scope of the local emergency hereby declared.

IT IS FURTHER DECLARED AND RESOLVED that pursuant to California Penal Code Section 396, it is unlawful for any person or business of the City of Santee to charge more than 10% higher than the price charged by that person or business 30 days after the declaration of this local emergency; and that pursuant to that statute, the City Council shall have the authority to extend the price controls for additional 30-day periods as needed to protect the lives, property, or welfare of the citizens.
RESOLUTION NO. ___

IT IS FURTHER DECLARED AND RESOLVED that a temporary moratorium on eviction for non-payment of rent by residential tenants impacted by the COVID-19 crisis is imposed as follows:

1. During the period of local emergency declared in response to COVID-19, no landlord shall endeavor to evict a tenant in either of the following situations: (1) for nonpayment of rent if the tenant demonstrates that the tenant is unable to pay rent due to financial impacts related to COVID-19 or (2) for a no-fault eviction unless necessary for the health and safety of tenants, neighbors, or the landlord. A landlord who knows that a tenant cannot pay some or all of the rent temporarily for the reasons set forth above shall not serve a notice pursuant to Code of Civil Procedure section, file or prosecute an unlawful detainer action based on a 3-day pay or quit notice, or otherwise seek to evict for nonpayment of rent. A landlord knows of a tenant's inability to pay rent within the meaning of this Resolution if the tenant, within 30 days after the date that rent is due, notifies the landlord in writing of lost income and inability to pay full rent due to financial impacts related to COVID-19, and provides documentation to support the claim. For purposes of this Resolution, “in writing” includes email or text communications to a landlord or the landlord's representative with whom the tenant has previously corresponded by email or text. Any medical or financial information provided to the landlord shall be held in confidence, and only used for evaluating the tenant's claim. Nothing in this Resolution shall relieve the tenant of liability for the unpaid rent, which the landlord may seek after expiration of the local emergency and the tenant must pay within six months of the expiration of the local emergency. A landlord may not charge or collect a late fee for rent that is delayed for the reasons stated in this Resolution; nor may a landlord seek rent that is delayed or the reasons stated in this Resolution through the eviction process.

2. For purposes of this Resolution, “financial impacts related to COVID-19” include, but are not limited to, tenant lost household income as a result of any of the following: (1) being sick with COVID-19, or caring for a household or family member who is sick with COVID-19; (2) lay-off, loss of hours, or other income reduction resulting from business closure or other economic or employer impacts of COVID-19; (3) compliance with a recommendation from a government health authority to stay home, self-quarantine, or avoid congregating with others during the state of emergency; (4) extraordinary out-of-pocket medical expenses; or (5) child care needs arising from school closures related to COVID-19.

3. For purposes of this Resolution, “no-fault eviction” refers to any eviction for which the notice to terminate tenancy is not based on alleged fault by the tenant, including but not limited to, eviction notices served pursuant to Code of Civil Procedure sections 1161(1), 1161(5), or 1161c.
RESOLUTION NO. ___

4. This Resolution applies to nonpayment eviction notices, no-fault eviction notices, and unlawful detainer actions based on such notices, served or filed on or after the date on which a local emergency was declared.

5. This Resolution grants a defense in the event that an unlawful detainer action is commenced in violation of this Resolution.

6. This Resolution shall be superseded by any duly enacted ordinance or resolution of the City Council or an order by the Director of Emergency Services adopted during the local emergency that expressly supersedes this Resolution.

IT IS FURTHER DECLARED AND RESOLVED that as a result of the local emergency, for a period of 60 days from the date of this Resolution, the City hereby suspends the imposition of late payment penalties or fees for parking violations.

IT IS FURTHER DECLARED AND RESOLVED that the City Council will utilize, to the extent reasonably feasible and appropriate, the ability to conduct its Council Meetings via teleconferencing and other electronic means to permit Council Members and members of the public to adopt social distancing to the greatest extent possible while still proceeding with the efficient handling of the City's business, in compliance with California Executive Order N-33-20.

IT IS FURTHER DECLARED AND RESOLVED that a copy of this declaration be forwarded to the Director of California Governor's Office of Emergency Services requesting that the Director find it acceptable in accordance with State law; that the Governor of California, pursuant to the Emergency Services Act, declare an emergency is San Diego County and waive regulations that may hinder response and recovery efforts; that recovery assistance be made available under the California Disaster Assistance Act; and that the State expedite access to State and Federal resources and any other appropriate federal disaster relief programs.

IT IS HEREBY FURTHER DECLARED AND RESOLVED that during the existence of said local emergency, the powers, functions, and duties of the emergency organization of this City shall be those prescribed by state law, and the ordinances, and resolutions heretofore and hereafter adopted by the City Council.

On February 14, 2020, the Health Officer of San Diego County determined that there is an imminent and proximate threat to the public health from the introduction of COVID-19 in San Diego County and declared a Local Health Emergency and the San Diego County Board of Supervisors ratified the existence of a local emergency for the County of San Diego; and

WHEREAS, on March 11, 2020, the World Health Organization (WHO) publicly characterized COVID-19 as a pandemic; and

WHEREAS, on March 12, 2020, Governor Newsom issued Executive Order N-25-20 in a further effort to confront and contain COVID-19 that among other things suspended certain provisions of the Ralph M. Brown Act providing local agencies with greater flexibility to hold meetings via teleconferencing; and

WHEREAS, on March 13, 2020, the President of the United States declared a National Emergency due to the continued spread and the effects of COVID-19; and

WHEREAS, on March 19, 2020, Governor Newsom issued Executive Order N-33-20, ordering all individuals living in the State of California to stay home or at their place of residence except as needed to maintain continuity of operations of the federal government critical infrastructure sectors; and

WHEREAS, the City's ability to mobilize local resources, coordinate interagency response, accelerate procurement of vital supplies, use mutual aid, and seek future reimbursement by the State and Federal governments will be critical to successfully responding to COVID-19; and

WHEREAS, on March 18, 2020, the Director of Emergency Services, did proclaim the existence of a local emergency; and

WHEREAS, the City Council does hereby find the following:

1. That the spread and potential further spread of COVID-19 constitutes a situation that severely impairs the public health and safety within the City of Santee and constitutes conditions of extreme peril to the safety of persons and property within the City of Santee;

2. That these conditions are likely to be beyond the control of the services, personnel, equipment, and facilities of the City of Santee;

3. That the conditions of extreme peril warrant and necessitate the declaration of the existence of a local emergency; and

WHEREAS, a declaration of a local emergency will assist in a coordinated public health response to reduce transmission and illness severity, provide assistance to health care providers, coordinate and mitigate public services that may be disrupted by this emergency, and mitigate any other effects of this emergency on the citizens of the City; and

WHEREAS, under Government Code Section 8630(b), a proclamation of local emergency must be ratified by the City Council within seven (7) days to remain in effect; and

WHEREAS, Government Code Section 8630 generally requires the City Council to review the need for continuing the local emergency at least every sixty (60) days, but as part of Governor Newsom’s March 4, 2020, Declaration of a State of Emergency in California due to COVID-19, this provision has been waived for the duration of the statewide emergency, allowing the City to maintain its emergency in place until terminated by the City Council; and

WHEREAS, the Governor of the State of California has stated that individuals exposed to COVID-19 may be temporarily unable to report to work due to illness caused by COVID-19 or quarantines related to COVID-19 and individuals directly affected by COVID-19 may experience potential loss of income, health care and medical coverage, and the ability to pay for housing and basic needs, thereby placing increased demands on already strained regional and local health and safety resources, including shelters and food banks; and
RESOLUTION NO. ___

WHEREAS, in the interest of public health and safety, as affected by the emergency caused by the spread of COVID-19, it is necessary to exercise authority to issue this regulation related to the protection of life and property; and
